Rx-7

Club of America

Your Support System

Your Mazda RX-7 gives you access to a unique organization unavailable to owners of any other car. You may not realize all the ways that membership can save you money and help you get more enjoyment and value from owning your sports car. Look at some of the exclusive benefits that can be yours through membership in the RX-7 Club of America:

Join over 75,000 RX-7 owners who read, enjoy and save each issue of *Rotary Rocket* magazine.

PUBLICATIONS

Rotary Rocket magazine and the *RX-7 Report* are source books containing hundreds of pages of practical and useful information geared to your unique needs and interests as an RX-7 owner. Material so valuable that over 96 percent of *Rotary Rocket* readers rate it ahead of all car magazines in value to them. Your membership includes subscriptions to both publications.

Technical and maintenance articles help you protect your automotive investment. You'll find out how to keep your precision machine in top-notch condition, discover fresh new ideas to enhance, upgrade and personalize your RX-7 and learn professional driving techniques to avoid accidents and extract all the performance built into your sports car.

Product reviews keep you on top of the latest accessories for your sports car. We're your research staff. Our product comparisons and installation guides provide you with the information you need to make the wisest possible buying decision. When you do buy, you'll find that many of the products are available to you at substantial member discounts.

Digital Sounds for the RX-7

And there is much more for your enjoyment and education. You'll find entertaining features that cover the entire spectrum of the sports car lifestyle. Learn more about the company behind the car you own and get the first look at exciting new models to come. Through ads you'll discover what's new for your car and you can "window shop" at home for the best price. Owner surveys and member letters in the *RX-7 Report* let you benefit from the experiences, tips and recommendations of thousands of other owners.

Timely and authoritative information you can get nowhere else in a beautiful magazine that has won numerous awards for its editorial and graphic excellence.

NEW FOR 1985!

MARIAH Mode One
(Wide Bodied
Coupe)

MARIAH Mode Four

(RX-7 with Bumper/AirDAM, Ground Effect
Skirts, Lip Spoiler and Driving Lights)

THE FULL LINE OF MARIAH COMPONENTS AND ACCESSORIES FOR YOUR RX-7

AERO WEATHERSHIELDS of scratch resistant acrylic deflect wind and rain for open window driving year round. The latest in aerodynamic refinements. Easily installed using brackets provided, requires no drilling. **811-03-3104** **\$172/\$185**

REAR LIP SPOILER WING for all '79 through '85 RX-7's and MARIAHs. The RX-7 spoiler is designed to bolt-on easily. Spoiler keeps air flow attached as air moves over rear deck, kills lift to improve stability at high speed. For MARIAHs, the one-piece spoiler is a molded-on part. **811-03-0090 (79-'85 RX-7's)** **\$234/\$275**
811-03-0091 (all MARIAHs) **\$234/\$275**

PREPARED REAR LIP SPOILER leave the factory primed and painted to color match your RX-7, ready for immediate bolt on installation. **811-03-0138 (79-'85 RX-7's only)** **\$354/\$395**

NACA DUCT hood scoop is aerodynamically designed to intake air on a flush surface at no increase in drag. Delivered non-functional, cut-out after installed-on installation. '82 owners ask for inner duct for functional fan air System E engine package. Non-'82 RX-7's require a low profile air cleaner modification. **811-03-0008 NACA DUCT** **\$74/\$87**
(79-'85 non-'82) **811-03-0029 AIR CLEANER MODIFICATION** **\$55/\$65**
811-03-0134 NACA DUCT (inner) ('82 only) **\$101/\$119**

GROUND EFFECTS SIDE SKIRTS Lower and widen your RX-7 with these four plastic pieces which meet in place to complete your Mode Four conversion. **811-03-0127** **\$230/\$271**

PREPARED SIDE SKIRTS from the factory pre-painted to match your RX-7. **811-03-0142** **\$330/\$371**

BOSCH SERIES 23001 DRIVING LIGHTS are pre-wired with brackets modified for immediate installation in all MARIAH bumper/lamplens. **811-03-0718** **\$118/\$140**

MARIAH HATCH is the ultimate RX-7 or MARIAH accessory. A one piece precision molded part which bolts-on in minutes using only stock hardware. Simply replace your rear glass lid with this hatched hatch which lifts to permit access to (optional) luggage space or to clean rear quarter window hatch-finished in gel coat with textured interior. Tinted rear window included. **811-03-0015** **\$676/\$795**

PREPARED MARIAH HATCH from the factory primed and painted to match or contrast your RX-7's exterior color. Rear glass installed and sealed. Ready for immediate installation. **811-03-0135** **\$676/\$695**

MOONROOF 1 or '80 through '85 RX-7's of solar grey tempered safety glass. Instantly replaces your present steel sun roof permitting upward visibility day or night. **811-03-0026** **\$267/\$314**

MARIAH CONVERSION PACKAGE for '79 through '82 RX-7's is comprised of: Full width bumper/lamplens • Inner fender splash panels • Wide body front and rear fenders • Flush fuel filler door • Front bumper reinforcement bar • Complete hardware and installation instructions • Rear fenders are molded-on, all other parts bolt-on. **811-03-0001** **\$948/\$1045**

RX-7 MARIAH BUMPER/AIRDAM for stock bodied RX-7 owners and those with up to 14 inch wheels and tires plus the set-ups or '82's, we introduce our "narrow body" version of the dramatic MARIAH look. Hand laminated fiberglass airdam and alloy bumper reinforcement bar replace your existing bumper assembly. Package includes all hardware and bolt-on instructions for '79 through '85 RX-7's. **811-03-0106** **\$316/\$375**

PREPARED BUMPER/AIRDAM from the factory primed and painted to color match your RX-7 with black bumpers. Includes BOSCH driving lights modified, wired and installed. • Ready to bolt-on! **811-03-0133** **\$568/\$665**

FLYING WHALE TAIL WING for '79 through '85 RX-7's and MARIAH. A bolt-on wing which permits air flow under and over an inverted airfoil. Designed to improve high speed stability, but with low drag. **811-03-0003** **\$239/\$261**

PREPARED FLYING WHALE TAIL with the factory primed and painted to color match your RX-7 or MARIAH. Ready to bolt-on. **811-03-0137** **\$326/\$361**

CELLULAR MOBILE PHONE

Now there's a phone for your car that performs as well as the phone in your office, no waiting for an open channel, dial direct from your car or briefcase mounted telephone to any place around the world.

Standard Features:

- **Companded audio processing** means audio quality equal to and often better than your home phone.
- **On-hook dialing** enables you to dial without removing the handset from the cradle.
- **Repertory dialing** lets you store and recall 16 sixteen-digit numbers for easy dialing.
- **Last number recall** allows you to dial the last number you called at the touch of a button, taking the frustration out of busy signals.
- **Positive action push-button keypad** helps you reduce dialing mistakes. Each entered number displayed for further verification.
- **External horn alert** tells you a call is coming through while you're outside your car.
- **End-to-end DTMF signaling** lets you access long distance services over your Western Union Cellular Mobile Phone just like your home phone.
- **Electronic "scratchpad"** lets you enter numbers while you talk, without introducing annoying tones into your conversation.
- **A call length monitor** measures the length of your conversations, both visibly, with a built-in clock, and audibly, with a pleasant electronic tone that beeps every minute.
- **A local dial tone** assures you that your mobile phone is operational and ready for use.
- **A call alert** tells you when your mobile phone is "ringing" by sounding an adjustable electronic tone and activating an optional flashing "call" indicator when the music or traffic is loud.
- **An integral speaker** can be activated to allow your passengers to listen in.
- **"Soft", "hard" and security "time locks"** give you peace of mind by preventing unauthorized use.
- **Totally Private conversations.**

Introducing

Mazda

BECAUSE WHAT GOES
ON YOUR MAZDA
SHOULD BE AS GOOD
AS WHAT GOES INTO IT.

If you're thinking about putting a few finishing touches on your RX-7, the Mazda Finish Line is a great place to start. You'll find a wide range of high quality products designed to help you add even more style, comfort, convenience, and driving enjoyment to your "Rotary Rocket."¹

But that's just the beginning. Because these Genuine Mazda Accessories are built to Mazda's exacting tolerances and engineering standards. So each accessory provides the clean, well-integrated fit and appearance you demand.

1. Front Air Dam

Give your RX-7 a sportier, more aggressive look with this front air dam. It's constructed of tough polyurethane to resist impacts and deformation and provides openings for fog lamps. Designed in three sections, the air dam comes primed and ready for your dealer to paint.

2. Fog Lamps

These halogen fog lamps project a 108°-wide beam of light—60° wider than conventional headlamps—to provide a significant increase in peripheral vision. In poor weather conditions, the lamps' low, wide lighting pattern helps reduce the dangerous glare of reflected light. Available in clear or amber, the lamps come complete with lamp covers, wiring harness, and installation instructions.

3. Rear Spoiler

This contoured rear spoiler adds a distinctive touch to the RX-7's rear deck section. Like the front air dam, it is made of rugged polyurethane and comes primed and ready for your dealer to paint.

Finish Line™

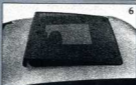

ACCESSORIES

4. Rear Louvers

These rear louvers are a great way to add a sporty touch to your RX-7. They also help keep your interior cooler and reduce sun damage.

5. Front Mask

Custom designed for the RX-7 (except models equipped with IMSA Kit or front air dam), this heavy-gauge vinyl mask with protective soft cotton backing helps protect your RX-7's front-end. Parking light and headlamp openings are provided.

6. Moon Roof

The Mazda Moon Roof makes a great addition to RX-7s that are equipped with a factory-installed sunroof. It allows additional light in to give your RX-7 a more open feeling. This scratch-resistant, tempered safety glass Moon Roof is tinted to help keep the interior cooler and carefully engineered to ensure a wind-proof, watertight fit.

So when it comes to personalizing your RX-7, get off to a great start with Mazda Finish Line Accessories. See your local Mazda dealer soon for a complete demonstration.

OFFICIAL RULES: All members of the RX-7 Club of America are automatically entered in the Sweepstakes drawing. Sweepstakes open to residents of the United States subject to all federal, state and local laws and regulations. Void where prohibited by law. Employees of the RX-7 Club of America and all firms donating products are not eligible. All entries must be postmarked by September 30, 1993 to be eligible.

Winners will be selected in random drawings and notified by mail. All prizes are donated by the firm indicated and will be awarded. No substitutions will be made unless agreed to by the firm offering the prize. Taxes on all prizes are the sole responsibility of the winners. Chances of winning are determined by the total number of Club members and entries at the date of drawing. No purchase required for entry in the Sweepstakes. Additional entry forms may be obtained at offices of the RX-7 Club of America.

MONEY-SAVING DISCOUNTS are yours on a wide range of accessories and services from hundreds of manufacturers, retailers and Mazda dealers from coast to coast. When you travel, you'll receive the lowest rates at AVIS and Ramada Inns nationwide. And you gain access to exclusive RX-7 Club products and boutique items unavailable elsewhere.

AA

INSURANCE Special group rates save you money on the insurance you need. Quality coverage with the service you want and the low cost you have been looking for.

TECHNICAL ASSISTANCE from our staff is yours at no cost. We'll help you with your technical and service questions and direct you to the best sources for the products you're looking for. A unique service that can be invaluable when you need it.

DRIVING SCHOOLS are held throughout the nation for Club members. Become a better and safer driver while you learn how to get more of the performance built into your RX-7. You'll be taught by one of the

top professional driving instructors in the world and your cost is only a fraction of the price of comparable driving schools.

NATIONAL MOTOR CLUB As a member of the RX-7 Club of America, you can elect to receive the NMC services for a small additional fee. Towing, bonds, maps, travel assistance and much more are yours with the RX-7 Club/NMC joint membership.

LOCAL CLUB BRANCHES in over one hundred cities let you meet other RX-7 owners in your area and participate in both social and enthusiast events.

MUCH MORE is yours as a member including special events for your participation such as owner roundups, tours and national conventions plus competitions, sweepstakes and photography contests. In fact, over \$100,000 in prizes has been awarded members. Join now and you are automatically enrolled in the current Club Sweepstakes.

With such an array of useful benefits, it's little wonder we've become the largest sports car owner's organization in the world.

IS MEMBERSHIP FOR YOU?

These benefits can be yours for only pennies a day. A full year of publications and benefits for about what you spend on your RX-7 in a single day*. If you are still not completely certain that membership is for you, be sure to read the following.

I have never joined a car club. I like my RX-7 but I don't work on my own car, autocross or plan to customize my car. What would I get out of membership?

The majority of our members are similar to you. Ninety-three percent never belonged to a car club before they joined the RX-7 Club of America. You'll find that all the Club benefits are directly useful to you as an RX-7 owner. Even if you don't plan to accessorize your car, money-saving discounts are yours when you travel, have your car serviced or buy insurance. The free technical help we provide when you have problems can be of even greater value to you than to a more technically oriented owner.

You have a large investment in your RX-7. Consider the value of the information you'll get in *Rotary Rocket* magazine. You'll discover ways to protect your RX-7 against theft or vandalism and learn how to properly care for it to keep it running strong and maximize its resale value. You'll get practical advice on handling emergency situations to avoid accidents and even techniques to help you minimize the number of speeding tickets you get. If you have service complaints or disputes, we'll show you your options for resolving them. Product reviews show you what's available for your RX-7. You'll find out which products are best for your needs and budgets as well as the ones you should avoid. Surveys let you benefit from the experience of other owners and alert you to potential problems you could encounter. A wide variety of entertaining and educational articles and they are all relevant to the car you own.

Rotary Rocket magazine and the other benefits look good but I'm not sure that membership is worth the cost.

Most members find that their savings greatly exceed the annual fee. That's one reason over ninety percent continue to renew year after year. Take a minute to fill in the following worksheet to determine the dollar value of membership to you. In the first column put the amounts you expect to spend next year in each category. Then multiply that figure by the typical discounts available to members on such products and services to estimate your savings.

CATEGORY	ANNUAL COST	DISCOUNT	SAVINGS
Amount spent on accessories, parts, tires, etc:	\$ _____	(x .15) =	\$ _____
Annual cost of RX-7 service and maintenance	\$ _____	(x .15) =	\$ _____
Annual cost of insurance premiums	\$ _____	(x .20) =	\$ _____
Amount spent yearly on rental cars	\$ _____	(x .20) =	\$ _____
Amount spent yearly on hotels/motels	\$ _____	(x .25) =	\$ _____
	TOTAL ANNUAL SAVINGS =		\$ _____

If the bottom line exceeds \$30, you are money ahead and the publications and other Club benefits are essentially yours for free. The economic advantages of joining are clear. You may even discover that you can't afford not to join.

What if I join and don't find that membership meets my expectations?

There is no risk to you. If you are dissatisfied for any reason, simply return your material and you'll get a full refund. Frankly, you'll never know the value of membership till you join and find out for yourself. Don't put it off any longer.

Don't just take our word for it. Ask a member!

Here are a few quotes from current members:

Based on my saving over \$300 during my first two months of membership, I've already paid for my next ten years of memberships. You guys sure deliver what you promise. — J. Burns, FL

I was planning to buy a set of performance tires when I got the issue with your tire evaluations. I took your recommendation and am totally delighted. My beauty now handles like a race car and I'm over a hundred dollars ahead by buying them instead of my first choice. — T. Allen, VA

Your club is fantastic. I especially find the articles in the *RX-7 Report* to be most useful. I'm only upset that I didn't find out about you until two years after buying my car. Now I have to get all the back issues to help me catch up on what I've missed.

— K. Werner, TX

Last night my car suddenly stopped on the freeway during a downpour. I was able to get onto the shoulder but would have had to walk a couple of miles in the rain to reach a phone to call a tow truck. Fortunately, I remembered a tip in the *RX-7 Report* on what to do in such a case. It worked and my car started right up. Muchas gracias and keep up the good work. — C. Greenwald, CA

It works!
Put membership to work for you too. *Source is 1983 Hertz survey

SPECIAL NEW MEMBER BONUS OFFER

To celebrate our seventh year of serving RX-7 owners, we are offering a special set of bonus gifts free to new members who join before December 31, 1984. These include a set of exclusive RX-7 Club publications containing valuable consumer information and discount coupons for your entertainment.

Performance Tire Guide:

When the time comes to replace or upgrade your tires, it's easy to become confused. There are so many new tires on the market in a variety of sizes and prices, all claiming to be the best. Our reference manual guides you through tire selection, lists the sizes that fit your model RX-7 and gives you the results of our 1984 on-track testing of 16 leading tires on the RX-7.

Enhancing RX-7 Performance:

Would you like your RX-7 to outperform a Porsche 944 and outmaneuver virtually any car at any price? We'll show you how to shave seconds off your car's acceleration and reach .9g in aggressive cornering. Best of all, the modifications are inexpensive, don't affect the carburetor, engine or exhaust and are legal in all states! Now you can get the performance you've dreamed about at a budget price.

Wheel Buyer's Guide:

Comprehensive coverage of over 30 new wheels for the RX-7 plus information on wheel selection, wheel care, RX-7 mounting and balancing considerations and a guide to products that protect your expensive wheels and tires from damage and theft.

Discount Coupons for back issues of *Rotary Rocket* let you catch up on the articles you've missed and save up to twenty five percent.

PLUS information on our new referral program that can give you free membership renewals in the future. All this in addition to the regular Club benefits and subscriptions to *Rotary Rocket* magazine and the *RX-7 Report*.

Collector's Edition of *Rotary Rocket* featuring the best articles from the early years of *Rotary Rocket* magazine. Of historical interest, yet practical and entertaining, this special edition will not be reprinted when supplies are exhausted.

Malibu Grand Prix and Malibu Castle: You'll receive a discount card for fifteen percent savings at all Malibu Grand Prix tracks and Malibu Castle

entertainment centers throughout the U.S. and Canada together with coupons giving you two free laps when you purchase two.

DO YOURSELF A FAVOR.

Special Offer Expires December 31, 1984

Don't miss out on the benefits any longer. The sooner you join, the sooner you'll discover that all we've said is true. If you are dissatisfied

for any reason, simply return the material within two weeks for a full refund. **There is absolutely no risk to you.**

Act Now! This bonus offer expires on December 31. Fill out and return the membership card bound in this issue with payment. This card also registers you in the Sweepstakes contest.

The perfect gift is more than a surprise, it hits the mark. If there's a driver on your list, you can give ESCORT or PASSPORT with absolute confidence. Here's why:

Head Of The Class

Car and Driver magazine rated ESCORT number one in its most recent test, calling it "...clearly the leader in value, customer service and performance..."

In fact, in the six years since its introduction, ESCORT has become the classic instrument of radar detection.

PASSPORT is brand new. For the person on the move, switching between cars or using rentals in distant cities, it provides ESCORT performance and features in a convenient miniaturized package. You can carry it in your pocket like, well, a passport.

The SMD (Surface Mounted Device) circuitry that made PASSPORT possible is simply light years ahead.

PASSPORT is only 3 1/2" tall and 2 3/4" wide.

First Class Performance

When radar is out there, the super-heterodyne circuitry in ESCORT and PASSPORT will find it: over hills, around curves, hidden in the bushes, anywhere. But that's just half the story.

Just as important is the unique way they give you a full, easily understood report on the radar they find. ESCORT has led the way with its variable pulse audio warning,

analog meter and amber alert lamp. These all work together to give you a precise indication of radar type and range. In PASSPORT, a bar graph of eight Hewlett-Packard LEDs replaces the meter. This allows the same thorough radar report in a pocket-size package.

Attention To Detail

The main point of a radar warning device is performance, but the perfect gift brings something more: pride of ownership. Both ESCORT and PASSPORT are finely-crafted instruments that look right at home in a Porsche, Mercedes, or any car.

ESCORT and PASSPORT come complete with accessories.

Apart From The Crowd

While our system of factory-direct sales was not designed specifically for gift givers, it does offer some rather special benefits. For example, you needn't worry about buying a discontinued model still in a store's stock. Your gift will never be seen marked down in the discount chains. More importantly, giving either ESCORT or PASSPORT shows you were concerned enough about quality to track down the only source. And there's one more advantage.

Easy Shopping

ESCORT and PASSPORT let you do your Christmas shopping by phone and avoid

the retail hassle. We're only a toll-free call and a parcel delivery away.

Most important of all, ESCORT and PASSPORT are guaranteed to please. Holidays or anytime, take the first thirty days as a trial. If you're not absolutely satisfied, return your purchase and we'll promptly refund your money and your mailing costs. We also back ESCORT and PASSPORT with a full one-year limited warranty.

Car and Driver called us the "class act" in radar detection. So order now, and let ESCORT or PASSPORT overwhelm your favorite driver.

ULTRA "RED HOT" WIRES

The silicon rubber used for both wire insulation and boots is rated to withstand a minimum of 90,000 volts in all areas. This rubber will also withstand temperatures from -60 F to +460 F in continuous use. Furthermore, the boots seal tightly to the wire, spark plugs, distributor cap, and coils to positively exclude moisture.

The conductor is zinc-coated copper wire for low resistance and high strength.

A wire wound carbon resistor sealed in plastic insulation removes more noise from the ignition system for less radio interference. In addition, for those with two-way radios and other very sensitive electronic equipment that requires the maximum possible ignition noise suppression, we can add spark plug shields to these wires to eliminate still another source of interference.

CATALOG/TECHNICAL MANUAL

All 66 pages of our technical manual/catalog are jammed with information. The many different special sections give you technical information and advice based on what we've learned from over 13 years of building, testing and racing rotary products. You'll find we offer an amazing variety of the latest engine and chassis performance parts and special tools and shop manuals too. Just \$5.00 plus \$2.00 shipping and handling.

SOMETHING NEW UNDER THE SUN

The MICRO EYE XKR Series is the Intelligent Radar Detection System

COMPUTERIZED GENIUS

Our MICRO EYE XKR Series symbolizes the future of technological advances and represents our integrated computerized genius: **COMPUTERIZED GENIUS** (the result of integrating signal processing and Superheterodyne circuitry). Because of this exclusive circuitry, we stand alone in providing you with state-of-the-art radar detection. Sensitive, selective and sleek. These radar detectors are in a class by themselves. Powerful and precise. Computer-integrated radar detectors, developed first by BEL engineers, give you that critical extra edge. You demand superior performance and BEL delivers with impressive results.

"The Eye has it" AutoWeek Feb/84
You bet it does! A recent test in AutoWeek stated: "... it outperformed Escort in both over-the-hill and around-the-corner tests." By maintaining the leadership in innovative radar detection design, BEL has definitely surpassed the competition.

MICRO SIZE

Just one look at the Micro Eye XKR-LR and XKR-V will convince you that these are not ordinary radar detectors. Only BEL offers you style as well as excellent performance. Compare the

sleek, futuristic design and sophisticated appearance of the MICRO EYE XKR Series with any other detector and you'll be amazed at the difference. Why settle for a bulky, unattractive radar detector that gives you average performance, when we offer you the smallest, most powerful radar detectors ever designed.

MICRO EYE XKR-LR

Model 8345 is the most sensitive and selective radar detector in the world. BEL backs that statement with a **MONEY BACK GUARANTEE** if the XKR-LR doesn't outperform our competitors' models. That guarantee alone should convince even the most discriminating driver. But there's more! This Superheterodyne is individually hand-crafted and tuned by specially trained technicians to ensure that BEL's quality performance standards are met. BEL has also incorporated two distinct design features to boost accuracy in selectivity. The **RSD (Radar Signal Discrimination) Mode** rejects incoming signals from other radar detectors. And the **TIME DOMAIN FILTER Mode** virtually eliminates false signals from other microwave signal sources such as intrusion alarms, garage door openers, etc. You can be confident that the Micro Eye picks up and processes only police radar signals. BEL also provides

a Visual Signal Strength Meter which illustrates the proximity to the signal source. The XKR-LR, with a size of 1 1/2" x 3 1/2", is the smallest Superheterodyne detector in its category.

MICRO EYE XKR-V

Model 860, (patents pending) is, by inches, the smallest dash visor detector in the world. Yes, the XKR-V also incorporates the RSD and TIME DOMAIN FILTER Modes and the Visual Signal Strength Meter. The XKR-V provides separate audio alerts for X and K Bands to identify the signal source. Remember, a K Band alert is always Police Radar. **PLUS** BEL has developed a half-horn and microstrip hybrid antenna which permits the XKR-V's design and size, without reducing sensitivity and selectivity. With three patents pending, we have designed a radar detector which is above the standard of the industry.

CUSTOM CONSOLE

Enhance the looks of your center console with the elegance of a wood-grained trim package. Your choice of walnut, light burr or dark burledwood grain. Simulated wood is computer cut for a precision fit. Has been tested in Arizona for heat and Michigan for cold to insure that there will be no warping, cracking or peeling. Beautiful trim mounts easily with attached adhesive backing. Specify the year and model of your RX-7. For 1991-1995 RX-7s, inquire as to availability for 1979/1985 models.
WD: \$99.95 (\$3.00 shipping/handling)

SHIFT KNOBS

All RX-7 shift knobs are not created equal. Our top quality crafted knobs give you a choice. Our 100% walnut knob is protected by a high gloss finish to preserve its deep grain look.

WK: Walnut Knob \$15.95 (\$2.00 shipping/handling)

The real leather knob looks great with either the stock black RX-7 steering wheel or our leather DINO wheel. Your choice of plastic RX-7 or 5-speed emblem.
LK: Black Leather \$17.95 (\$2.00 shipping/handling)

LE: Add \$4.00 for elegant Laser cut wood emblem (\$2.00 shipping/handling)

For the ultimate high-tech look, our 5 STAR knob features gold and silver studs set in walnut.
SK: 5 STAR Knob \$22.95 (\$3.00 shipping/handling)

EEL SKIN STEERING WHEEL COVER

Get the rich elegant look that even surpasses leather. You'll appreciate the supple softness of eel skin while you admire the distinctive eel skin markings. The feel is further enhanced by a thick lamb skin inner lining. It's the ultimate wheel covering and is a custom fit for the RX-7 steering wheel. Specify black, brown or wine.
EEL: eel skin cover \$39.95 (\$2.00 shipping/handling)

SHEEPSKIN STEERING WHEEL COVER

A great stocking stuffer. The luxury and feel of real sheepskin. Now you no longer have to grab a cold steering wheel in the winter or a hot wheel in the summer. In natural, black, brown, honey or wine.
SWC: Sheepskin cover \$21.95 (\$2.00 shipping/handling)

DINO STEERING WHEELS

Dino quality is known throughout the world. These distinctive wheels add a dash of class to your cockpit. Old world craftsmanship and modern styling combine in these exquisite wheels. Choose from our classic mahogany 4-spoke wheel, hand stitched black leather 3-spoke wheel or the inexpensive black Dynoflex 3-spoke wheel. Note that the black leather wheel forms a winning combination with our leather boot covers and leather shift knob. Purchase all three leather items and subtract ten percent from the total price. When ordering, specify wheel desired plus year and model of your RX-7.

CUSTOM CARPETS

Bring a new dimension of elegance to your interior. Our exquisite carpets are unsurpassed for beauty and durability and are custom cut for your RX-7. Rather than using the normal silkscreening, the logos or initials on these carpets are made with plush carpet. Inter-locking stitching and sergeed binding maximize durability and enhance the appearance. An exclusive new non-slip surface is laminated on the back of each mat to secure them in place. And the mats are both water and mildew resistant. Now, as an introductory offer, you may substitute the RX-7 logo with three initials of your choice FREE of charge! Specify carpet color and choice of RX-7 logo or the three initials you desire in either block or script lettering. Select Background and Accenting colors from the following: black, lt. grey, dark grey, red, Renaissance red, wine, Pacific blue, dark blue, beige, chocolate.

A matching designer carpet for the RX-7 rear deck is also available in solid color or with RX-7 logo.
CM3: Pair of front mats \$79.95 (\$6.00 shipping/handling).
CM2: Rear deck mat \$109.95 (\$8.00 shipping/handling).

PLUSH MATS

Add a touch of class to your interior with these beautiful carpets made of high grade easy to clean 100% nylon carpet. This densely woven fabric is much more durable than that used in stock carpets. Their dense nap will not mat and fabric will not mold, mildew or shrink. Heavy latex backing prevents moisture from seeping through and staining the original carpet. Edges are bound with color-coordinated vinyl. Velcro tabs keep the mats firmly in place. Choose the RX-7 logo or up to three initials of your choice (in script or bold lettering) for \$2.50 per letter. Available colors: black, brown, beige, wine, grey and blue.

PRODUCTS TO PROTECT & ENHANCE YOUR RX-7

SNUG FIT

Three Layer Protection

- Outer Layer - Shields car from sun's ultraviolet rays, keeps light cool and shade.
 - Inner Layer - Adds strength and softness.
 - Bottom Layer - Soft skin. Breathable moisture quality.
- ...protects through the fabric.
- Technique will not erode, or mold.

CABLE LOCK

STYLECOVER: Our tan STYLECOVER is the finest cover available for extreme climates. We particularly recommend the STYLECOVER for areas subject to acid rain and high moisture. Its unique Kimberly-Clark Evolution III fabric has three separate bonded layers for maximum water resistance and breathability. It also has the longest life of any cover. Made of the most rain resistant material available! Despite its strength, it weighs ten percent less than cloth covers for easier installation and removal.
CO: Stylecover \$199.95

REAR WINDOW LOUVER

Europe's best seller at an introductory price! These stylish black louvers give that special look to your car's sleek silhouette, extending and accenting its design characteristics. These louvers are designed specifically for the RX-7 to protect the interior upholstery from sun fade, keep the car cooler on hot days and increase your privacy without hindering vision from inside.

Standard aluminum louvers are prone to rattling and deterioration from chipping and peeling of the paint. In contrast, these new louvers look like metal but are constructed of high strength graphite and hydrocarbon compounds which means longer life with better looks and less upkeep. No fading since the compound is unaffected by sun rays. Won't chip, peel, or scratch. Louvers are easy to install and no drilling is required.

Style A only fits RX-7s without a rear window wiper. LO-A: \$99.95 (\$12 shipping/handling). Style B fits windows with or without a rear wiper. LO-B: \$109.95 (\$12.00 shipping/handling)

SIDE PANEL LOUVERS

These side panel louvers look great with our louvers but can also be used in combination with conventional aluminum rear window louvers. Louvers are easy to install and no drilling is required.
LO-C: Side window panels (per pair) \$49.95
(\$4.00 shipping/handling)

STYLE BRA

The front end of your RX-7 is vulnerable to stone and gravel chips, digs, road tar and bug splats. Over time both the appearance and resale value of your car will decline. A bra can protect both your car's appearance and its resale value and there is no finer one than the new Style Bra. It is made with the highest standards of construction for a long life. Our bra's handsome embossed RX-7 logo is more attractive than the silk screened or embossed logos found on other bras.

The unique three piece Style Bra is custom designed for an exact, wrinkle-free fit on your RX-7. It is impervious to water. Breathable bras can allow bug splat, acid rain and other harmful chemicals to penetrate and eventually damage your car's finish. Ours won't. A unique draining permits you to turn on your park up headlights without getting out of your car to roll up and down the headlight covers as you must do with conventionally designed RX-7 bras. The embroidery is UV stable to prevent color fade. Soft wadded lining gently protects your RX-7's paint. Lining is bonded to the bra during manufacture to prevent separation and tearing. If you want the best bra around, we've got it. When ordering, specify the model year of your RX-7.

S-BR: Style Bra \$79.95 (\$8.00 shipping/handling)

CAR COVERS

A car cover should be one of the first accessories you purchase for your RX-7. The sun's searing heat can literally bake dust, tree sap and pollutants into your paint's finish. Ultraviolet rays can fade your paint and damage your interior. A good cover protects your car, maintains a cooler interior temperature in the summer and acts as a theft-deterrent by preventing others from seeing all the goodies in your car. In addition you won't have to wash your RX-7 as often. It's like having a portable garage.

We offer three top quality covers to protect your RX-7. All three are made to the highest standards with double stitched seams for extra strength and durability. They are water resistant, breathable, mildew resistant and they will not rip, tear or shrink. And all are machine washable with soft inner surfaces to prevent scratching your car's finish.

CUSTOM: The CUSTOM cover is made of poly-cotton which is soft and mildew resistant and lasts several times longer than 100% cotton. Fabric has a durable water repellent finish and high resistance to fading. Custom fit for the RX-7 includes mirror pockets. Cover folds into a tight and compact bundle for easy storage. Includes row-on antenna pole reinforcement. Only the CUSTOM cover can be imprinted with up to three initials or your license plate number for \$8.00 extra. Allow 2 additional weeks for imprinting.
CO2: Custom cover \$99.95
(\$6.00 shipping/handling)

STANDARD cover is made of durable poly-cotton similar to the Custom cover but has a looser fit and no mirror pockets. Scotchguard treated for water repellency and mildew resistance. Soft inner surface will not foam finish. An excellent cover at a budget price.
CO3: Standard cover \$69.95
(\$6.00 shipping/handling)

Consider purchasing both a cable lock and a carrying bag for your new cover. A cable lock will protect your cover from theft. A storage bag allows you to easily carry and compactly store your cover when it is off your car.

HIGH PERFORMANCE SPARK PLUG WIRES

Spark plugs are an important factor in the performance of your RX-7. As wires age, power can diminish and a sudden failure of the wires can leave you stranded. You should consider a new set, especially if yours are a few years old. Our heavy duty wires can increase your engine's power and reduce radio interference due to ignition noise. Suppressor core provides a low resistance for a better spark. Silicon rubber insulation withstands temperatures of 400 degrees. If for exceptionally long life, Snap connectors will not spread, insuring a positive contact for trouble-free performance. Yellow wires are pre-cut and assembled to make for a simple plug-in installation. **1/2" - \$18.95 (\$3.00 shipping/handling)**

WHEEL KLEANS

Eliminate the unsightly black brake dust that accumulates on your wheels. Besides detracting from your car's appearance, this corrosive dust can pit your expensive wheels. Our lightweight aluminum dust covers are designed for do-it-yourself installation. They will not affect wheel balance or performance in any way yet help your brakes run cooler and cleaner. Say good-bye to scrubbing your wheels and rest easy; these covers come with a lifetime warranty. Specify year and model of your RX-7.

AUXILIARY LIGHTING

Quartz halogen lights give you triple the light of conventional sealed beam lights to better illuminate the road for safer driving. Driving lights use precision quartz lens for wide road illumination. Fog lights cut through haze, rain, sleet and fog for improved road visibility. Once you've experienced driving with these, you'll never go back to conventional lighting again. That's a fact!

Our complete kits include two lights, H3 bulbs, lens guard, mounting brackets, panel mount switch with indicator light, fuses, wires and all mounting hardware. Specify clear or amber lens for fog lights. DL: Driving Light Kit \$49.95 (\$4.00 shipping/handling). FL: Fog Light Kit \$49.95 (\$4.00 shipping/handling). H3: 55 watt H3 replacement bulbs \$8.00 ea. (\$1.00 shipping/handling). No 5/8" cost when extra bulbs are ordered with either light kit above.

RX-7 ROOF TOP CARRIER

At one time or another you'll probably have to haul something that won't fit inside your RX-7. You risk damaging your car if you just try to be the object on the roof. Clamp on roof racks work but are often clunky, unattractive and waste fuel due to increased drag. Whether it is extra luggage, a surfboard, lumber, skis, etc., our convenient Handy Hauler is the answer: it is a revolutionary device. Lightweight, easy to use and inexpensive.

Handy Hauler mounts and removes easily, distributes the load over a large area of the roof and provides a stable base for a variety of loads. Supporting cushions and heavy duty nylon straps cannot scratch paint and they absorb road shocks to your car and cargo are protected. Plus its small size lets you show it away in your RX-7 for quick use whenever needed. This is perhaps one of the most practical items you can buy and it is adjustable so you can use it on all the cars you own. It makes a great gift. **HH Handy Hauler \$24.95 (\$3.00 shipping/handling)**

remove and replace the factory-removable steel panel with the new Federal D.O.T. approved Moon Roof. It adds substantial visibility (window space) to the RX-7, without leakage, warpage, wind noise, or unsightly trim ring to hide rough edges like on other roofs. The glass is color compatible with all RX-7 colors and restricts the sun's heat but does not obstruct vision. A new feeling of freedom with the outdoors awaits your pleasure.

If it's not a PACIFIC Moon Roof, take a second look! Close-out price for 79 Moon Roof (while they last) \$149.00; price for 80-85 RX-7s, \$239.00. Prices include freight.

PACIFIC'S WHALE TAIL (far left) (140 IMSA-7) is slightly smaller than the IMSA-3 tail. It fits all 79-85 RX-7s and is a handsome and functional beauty treatment. Price \$179.90 UPS \$8.00. The low-profile Whale Tail (immediate left) (140 IMSA-4) is priced at \$155.90; shipped by truck. The Type 3 Whale Tail (140 IMSA-3) (bottom left) is priced at \$213.90; shipped by truck.

PACIFIC'S FRONT AIR DAMS — All front-end custom treatments for the RX-7 incorporate as an integral part of the front air dam the original factory bumper, eliminating damage that could result from the use of a fiberglass bumper. Type III (140 IMSA-8), similar to the Type II (shown at right) but without the fog/driving lights, fits 79-80 RX-7s, \$396.90. Type II (140 IMSA-9) with fog/driving lights, fits 81-85 RX-7s, \$139.90.

NOTE: Unsightly rivets or screws do not show on PACIFIC'S one-piece Air Dams.

PACIFIC'S 2+2 REAR SEAT — Designed, engineered, and manufactured by PACIFIC, the fold-down-type rear seat is great for kids! Each is precision constructed of steel frame tubing and a foam-rubber base, fitted with armrests, and color-matched to the original interior in most cases. The assembly has been tested, surpassing Federal safety standards. Prices range from \$449.00 to \$598.00 with most seats at \$449.00; the price depends on trim type.

MARCHAL FOG/DRIVING LIGHTS — Available in clear (140 632-67) or amber (140 632-58) lens, \$69.50 per kit (set of 2), UPS \$4.00.

MOHN SKI RACK — Each holds 2 pair of skis, (140 RX-7) \$59.95, UPS \$4.00. For use with or without louvers.

PACIFIC REAR LENS — Part No. 140 GT-7010 fits 81-85 RX-7s w/graphics "RX-7", "RX-7 2+2", "TURBO". As plain lens graphical. The 81-85 lens is without lights. The 140 GT-7030 lens fits 79-80 RX-7s w/graphics "RX-7". Lens is lighted and includes filler panel and lighted license frame. Price for 81-85 lens is \$64.50, for the 79-80 lens, price is \$98.50 w/UPS charge for either, \$4.00.

KLEEN WHEELS — Part No. 140-1100, Brake dust covers — set of 2, \$29.95; set of 4, \$54.95. UPS \$4.00.

PACIFIC'S ONE-OF-A-KIND STYLING KIT — Individuality is accomplished by using PACIFIC'S street version of the IMSA racing fenders and front spoiler. The PACIFIC RX-7s have created a sensation wherever they have been shown throughout the country. The front fenders are direct bolt-on

NEW KONI RALLYSPORT SUSPENSION KITS GET THE ULTIMATE HANDLING FROM YOUR RX-7

Make your RX-7 handle like a road racer with a new KONI RallySport suspension kit; it's the ultimate in balanced handling. Body lean and weight transfer are reduced; tracking, braking and steering are more crisp for greater control.

KONI RallySport kits are engineered specifically for each RX-7 from 1978 through 1985. Each kit contains KONI adjustable shocks, front and rear springs, sway bars and urethane bushings. Every part is the finest available and guaranteed for the life of your car. All components can be purchased individually. So if you already have KONI shocks it's no problem.

Kits are available with either world famous KONI twin-tube hydraulic, or new low pressure gas front struts. Low pressure gas struts are fully adjustable right on your car on the top of the strut.

Get the ultimate performance from your RX-7 with new KONI RallySport suspension kits. Here are the part numbers to ask for.

THE FIRESTONE S-660. NO OTHER STREET RADIAL HAS A TRACK RECORD TO MATCH IT.

Firestone's European designed and speed-rated S-660 steel belted radial.

The only street radial to race at this year's two biggest U.S. endurance classics – the 24 Hours of Daytona and the 12 Hours of Sebring.

And the only street radial in the entire history of endurance racing to ever win a major pro class at either of those events.

Some track record for a tire introduced just two short years ago. A tire not even built for racing, but built for the street for your performance import or world class car.

5-rib European block-type tread for traction.

Slotted shoulders for wet and dry weather roadability.

Nylon cap plies for improved high speed performance.

Steel cord stabilizer belts for fast steering response.

Low profile 13-, 14-, and 15-inch sizes.

Firestone S-660 radials. We proved them on the track. Bolt a set on at your Firestone retailer, and we'll prove them to you.
